Mr. Donald McGannon, President  
Westinghouse Broadcasting Company  
122 East 42 Street  
New York, New York

Dear Mr. McGannon:

Enclosed you will find copies of letters which we have sent to broadcasters who may be in a position to grant their FM outlet to New York University.

As you suggested, we made a survey of the stations and their owners and reached the conclusion that these companies would provide the best immediate prospects.

We are grateful to you for your kindness in talking to us on November 16 and will be most appreciative of any further assistance you might offer us.

Sincerely,

Thomas P. Robinson
